- ❖ *Your metabolism burns 3% faster when properly hydrated*

Introducing Yum Drops® Natural Flavoring Concentrates for Water

Yum Drops®, ***“Do Your Drink A Flavor!”*** simply stated, promotes hydration and makes drinking more water easier and fun. You control the subtleness and strength of the flavoring and that is the key with our drops. Too sweet and you won't drink it for long, but subtle flavoring satisfies your taste experience and allows you to continue to drink the levels required to sustain a competitive edge.

It's a fact: water is the best thing for athletes and sports enthusiast performance levels. Concentration and stamina are required for all physical activities and nothing delivers results or performance better than water. We have ***“The Perfect Thirst Quencher: water and Yum Drops® Flavoring”***.
